

Scratch Bakeshop Custom Cakes

We pride ourselves on the time and the attention we spend on every custom cake we create. Each one is truly a work of art and made with the highest quality, locally sourced ingredients. We are very excited to help you choose a cake that meets your style and exceeds your expectations! Every part of our cakes are hand created and will not look exactly like any provided photos that may be edited or altered. Each cake is unique and one of a kind.

All of our fully frosted custom, non-tiered cakes, are four layers of cake and three layers of filling. Our naked style cakes are three layers of cake and two layers of filling. The flavor list can reflect cake, filling or frosting choices. Our cakes are filled with buttercream but jams, curds or fresh fruit can be added for an additional cost.
